RE: Chief of Police Position – Tallahassee Police Department

STARS Search Committee Members:

It is an honor to apply for the position of Chief of Police of the Tallahassee Police Department. The potential to return to the agency that shaped my career as I advanced from Patrol Officer, retired as a Captain, and moved on to serve as Chief of the Lake City Police Department presents a unique "homecoming" opportunity. I took the helm at LCPD in an era of instability, accepted a mandate to turnaround performance, spearheaded operational reforms, elevated the brand image, rebuilt morale, restored public confidence, and built a foundation that equips the agency for long-term success in delivering quality police services in dynamically evolving society. If chosen as the new Chief of Police I stand prepared to accomplish similar goals for TPD. My qualifications are presented for your review in the accompanying résumé and three supplementary documents, including: (1) Training Record, (2) Organizational Development Highlights at LCPD, and (3) Program & Outreach Development Highlights at LCPD.

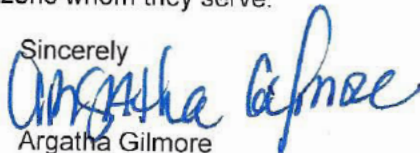

TPD is in search of a degreed law enforcement professional with at least 10 years of experience as a sworn officer including six years at the command level. They must be an executive-level strategist with a progressive vision, the insight to reach sound informed decisions on complex and sensitive issues, the expertise to build relationships of mutual trust in communicating with to strengthen connections and foster collaborations with all segments of constituents to deter crime, protect safety, and enrich the quality of life in the community.

My service with LCPD, TPD, professional associations, faith-based groups, and community service organizations combined with my expansive knowledge of Tallahassee's culture, demographics, history, and challenges equip me to take stewardship in leading the agency through the next chapter in its mission to protect the interests and safety of a rapidly growing municipality. My credentials include the facts that I have:

- a Doctoral Degree in Strategic Leadership Foresight, a Master's Degree in Public Administration, and a Bachelor's Degree in Criminology, in addition to having completed numerous professional development and training programs with such organizations as LCPD, TPD, FPCA, FDLE, FBI, and Harvard University
- 35 years of law enforcement experience in positions of progressive responsibility which displays respect for the chain-of-command, the ability to optimize accountability in reporting to multiple layers of authority, skill in working within tightly-regulated settings under public and the media spotlights, and diligence in monitoring compliance with policies, procedures, laws, regulations, professional ethics, accreditation standards, and best practices in administration, law enforcement, criminal justice, and social reforms
- credibility as a liaison, spokesperson, and organizational advocate who is focused on inclusiveness, builds bridges, facilitates communications with diverse internal and external stakeholders, forges strategic relationships, and collaborates with other public agencies at the local, state, and federal levels to expedite sharing of information, plan logistics of joint actions, and provide security to protect public safety in planning logistically to control traffic and crowds at large-scale community events
- the mental agility and critical thinking skills to analyze existing, emerging, and potential issues, assess threats, forecast impacts, target needs, chart strategic directions, plan workflow, control costs, maintain documentation, administer programs, lead projects, and develop the workforce while allocating human, physical and financial resources to attain optimal value and ensure integrity in expending public funds

Thank you for considering my qualifications. I would welcome your invitation to move on to the next step in the selection process and initiate a discussion to explore how I can put my talents, time, and energies to work in the service of TPD, the City of Tallahassee, and the citizens whom they serve.

Sincerely

Argatha Gilmore

RE: Chief of Police Position

Today's climate demands excellence in the members of a police agency and its leaders. The City of Tallahassee's Chief of Police must have a progressive vision in directing the department and be able to effectively communicate with law enforcement and all community members. They must also be guided daily by forward-thinking leadership, integrity, and fiscal accountability. As a proud Tallahasseean for nearly 40 years and as a retired member of the Tallahassee Police Department after nearly 30 years, I believe my qualifications are a great fit for the Chief of Police position. Due to my long-term relationships, I have a keen awareness of the needs and concerns of the agency, its 585 members, and the community we serve. My professional philosophy is "We, the police, must be accountable to the people we serve and to each other," which aligns with the agency's core values of *Trust, Loyalty, and Commitment*. This will enable me to direct the department's personnel as we work together to make the City of Tallahassee a safer place to work, live, and play.

Throughout my career, I have been a self-directed leader who has a record of implementing community policing strategies and enhancing the well-being of agency members. I am a strong proponent of building trust and legitimacy and having a visible presence in the community. As Chief of Police, I would direct staff to not only protect public safety, but also respect the constitutional rights and dignity of all citizens. I would work cooperatively through professional partnerships with our diverse citizenry, businesses, and other law enforcement agencies to prevent and reduce crime. If given the opportunity to serve as Chief of Police, I would be fully committed to continue serving the Tallahassee community and leading the Tallahassee Police Department as it implements innovative techniques and policing methods to further advance the mission of the agency and community. Please note some of my most recent achievements which demonstrate my commitment to excellence:

- *Led 175 members of Operations Bureau and managed daily operations of Uniformed Patrol, Community Relations Unit, Community Policing Squads, K-9 Unit, and all other ancillary patrol functions*
- *Directed 28 sworn officers/supervisors, 30 Reserve Officers, and 7 civilians assigned to Special Operations Division*
- *Acquired \$45K grant to launch Back on Track Program to provide intervention services for 1st and 2nd time offenders*
- *Authored Community Policing grant awarding 15 additional officers for community oriented policing program*
- *Selected to attend Florida Department of Law Enforcement's Chief Executive Seminar*
- *Partnered with Tallahassee Future Leaders Academy to provide youth summer employment for 3 years resulting in Partnership Award*

I am confident my education and experiences have prepared me for the next phase in my career. I would welcome the opportunity to interview with you to discuss how I can assist the Tallahassee Police Department in engaging both employees and citizens and exploring new ideas and innovations to propel the agency forward as a premier 21st century law enforcement entity. Thank you for considering me for this position. You may contact me at the information given above.

Sincerely,

Audrey Smith, MS, CPM

To Whom It May Concern:

I am submitting my resume for the position of Chief of Police position within the Tallahassee Police Department. I believe my skills, abilities, and attributes match your requirements and would appreciate consideration for this position.

Having held my current position of Chief of Police for the City of Mission, Ks for five years, I have revamped our community efforts, overseen the department management, responsibly managed budgets, and enhanced our staff to provide the best service for our community. I attended Park University and earned a Bachelor of Science Degree in Administration of Justice: Law Enforcement. Furthermore, I have attended training sufficient to become a certified instructor in multiple categories associated with law enforcement and have been utilized extensively throughout the state as an instructor on proper procedures and techniques associated with such fields of study.

In terms of successful community interface, we have hosted a Citizen's Academy each year, held monthly "Coffee with a Cop" events, attended and participated in the planning of City events, and strived successfully to maintain positive working relationships with the varying departments in the City of Mission as well as the surrounding cities.

The three most important components for any position are employees, community, and City Command Staff working together. I am fully aware that organizational change, policy development, and best practices are constantly evolving and in need of maintaining. The work of a Chief of Police is never completed and the self evaluation of the department must never end. I have the determination and energy required to fulfill all of these objectives and provide the citizens of your city with the best possible service as Tallahassee continues to grow and thrive.

I would appreciate the opportunity to speak to you further regarding my qualifications. Thank you for your consideration.

Sincerely,

BENJAMIN J.M. HADLEY

To Whom It May Concern,

Please accept the enclosed resume for consideration for the position of Chief of Police with the City of Tallahassee. I served with the Tallahassee Police Department (TPD) for twenty-eight (28) years and retired from the agency in 2014 as a Major to accept a position with the Florida Department of Law Enforcement (FDLE) as the agency Mutual Aid Coordinator and liaison to the State Emergency Operations Center. In December 2014, I was promoted to the position of Director of Capitol Police and currently serve in this position.

As a law enforcement professional with thirty-three (33) years of experience, fourteen (14) of which have been in command level positions, I have the training and experience necessary to provide direction and quality leadership to the members of the Tallahassee Police Department. As a leader, I believe that our employees are our greatest resource. The Chief of Police should create a positive work environment, establish expectations, recognize excellence and insist on accountability at all levels within the agency.

Those in management, especially the Chief of Police, should be held to the highest moral and ethical standards. Law enforcement leaders must lead by example and be accountable to their employees and the community. My vision for TPD is to build upon its' long tradition of service to the community and make Tallahassee a model city. Reducing the crime rate and improving the agency's relationship with community members will be my two primary goals as the Chief of Police. The police department alone will not be able to solve the violent crime and quality of life issues. It will require partnerships with all segments of the community and working closely with other law enforcement and social service agencies. During my career with TPD and FDLE, I have developed numerous professional relationships and friendships with local, state and federal law enforcement agencies, which will serve as a valuable asset in accomplishing agency objectives.

As Chief, I would incorporate community policing at all levels of the agency. I envision the police department doing even more to make Tallahassee the type of community that encourages businesses and families to make it their permanent home.

My resume will verify that I meet all the necessary experience, educational, and skill based requirements for this position. However, what my resume may not fully indicate is the level of dedication I offer to the Tallahassee community. Being a public safety leader of a community with approximately 200,000 residents is a substantial responsibility; not only is the Chief of Police the primary media spokesperson for the police department, he or she is also one of the most visible role models in the community. I am prepared to provide our growing community with strong, progressive and accountable leadership. As a former member of the Tallahassee Police Department, I fully support the agency's core values of Trust, Loyalty and Commitment.

Throughout my career I have demonstrated deep involvement in Tallahassee's community initiative programs. As the Chief of Police, I would bring a high level of devotion to the citizens of Tallahassee and Leon County. In addition, I am a strong advocate of progressive ideas and continual development. As laws, technologies and times change, so must Tallahassee adapt with new law enforcement strategies, policies and implementations. I thank you for the opportunity to participate in this important process.

Sincerely,

Dear FPCA Stars Program:

Please accept this letter as my application for the position of Chief of Police of the Tallahassee Police Department. As a Deputy Chief entering my 26th year with the Orlando Police Department, I believe the versatile, comprehensive experience I have gained make me the leader you are looking for at your agency.

In my fifth year as an OPD Deputy Chief, I have commanded three of the department's four bureaus and routinely serve as acting Chief. I am also the agency's High-Risk Incident Commander, in charge of the department's special teams. I consistently collaborate with our local, county, state, and federal partners to lead various taskforces and coordinate security plans of large-scale events. Over the course of my career, I have handled hundreds of employee evaluations, grievances, arbitrations, and terminations and worked closely with our Police Union. I regularly work with budgets and legal advisors to keep officers informed of changes in laws and city ordinances.

I am a strong communicator and understand the magnitude of representing one's department as a positive force in its community. I have chaired numerous meetings, briefings, and committees on both law enforcement and non-law enforcement topics and led press conferences and media interviews on events ranging from officer-involved shootings to city initiatives. I have traveled the U.S. and Canada to conduct more than fifty presentations on the 2016 Pulse night club tragedy to share recommendations that improve agency response to an active shooter or terrorist attack.

I believe my qualifications have molded and equipped me to lead an agency committed to maintaining the trust of the community it serves. I am proud of the community outreach that has been a constant focus in my career. I would be honored to bring that balance of community policing and intelligence tactics to the Tallahassee Police Department. Thank you for your review of my application. I appreciate your time and consideration.

Regards,

Eric Smith

Dear Search Coordinator:

Please accept this letter and attached resume for the position of Chief of Police for the City of Tallahassee Florida. My 34 years of extensive law enforcement experience include careers with the Tallahassee and Quincy Police Departments as well as professional experience with the US Army Military Police and the Florida Department of Law Enforcement. My career will demonstrate that I possess superior written and verbal communication skills along with a clear understanding and history of the Tallahassee Police Department, community policing and restorative justice. My career will demonstrate that I am well equipped with the necessary intellectual and emotional skills and knowledge and abilities to accept the helm of "Servant Leader" with the Tallahassee Police Department.

To understand the leader I am today and why I care so much about children and citizens I must share a little of my early life. My criminal justice career began in January of 1987 as a senior in college. I was notified that my biological father was near death while incarcerated in a Georgia State Penitentiary. While I did not know my father, because he was an absent parent my entire childhood, out of respect several siblings and I did travel to visit him in this prison hospital immediately prior to his death. During that prison visit I made a commitment to myself to do everything in my power to serve my children and others and not live a "wasted life".

In 1988 I began my formal police career with the Tallahassee Police Department where I rose through the ranks and retired in 2011 at the rank of Captain/Patrol Division Commander. As the Patrol Division Commander I was responsible for managing a Patrol staff of over 150 police officers and numerous civilian personnel. In this position I also managed the Division's 16 million dollar budget. I was responsible for protecting Tallahassee's greatest resource; it's 190,000 citizens. My roots in Tallahassee are deep and I am indebted to the Tallahassee community. My wife and I raised three children here; the youngest a Medical Doctor. My connection to the community and grassroots organizations is strong. Whether it is the Tallahassee branch of the NAACP, 100 Black Men of Tallahassee, Distinguished Young Gentlemen (DYG), The Tallahassee Urban League or the many neighborhoods that I have worked with that make up the Council of Neighborhood Association (CONA). In 1995 I assisted the City of Tallahassee create it's Neighborhood and Customer Service Department. While in this position I helped to empower Tallahassee neighborhoods by travelling to Neighborhoods USA (NUSA) conferences with Tallahassee residents to teach them about their power to affect positive change by working together. My love for and commitment to the Tallahassee grassroots community is proven and to this day unwavering.

I retired from the Tallahassee Police Department 2 years early to become the Assistant Chief of Police with the City of Quincy Florida. As the Assistant Chief my first duty was to be a loyal supporter of the

Police Chief who at this time was also the President of the International Association of Chiefs of Police (IACP). In this role I was responsible for answering to the Chief and assisting him in managing all of the day to day operational, investigative and support duties of the Police Department.

After three and a half years in 2014 I became and remain the Chief of Police for the Quincy Police Department. As the Chief of Police I am proud that we have continuously reduced Quincy's UCR crime rates for both persons and property crimes. I am also proud of overseeing all aspects of managing the Quincy Police Department such as Patrol, Community Policing, CID, budgets, Communications Center and total renovations of the Quincy Police Department headquarters building. I am responsible for recruiting and retention and all labor negotiations between the City and the Florida PBA. I am most proud of the community based programs that I implemented while Chief of QPD. Programs like our "Books and Badges" program that I brainstormed to stock police cars with children's books as well as tactical gear. This youth literacy program won my Department the Florida Police Chief's Association's (FPCA) prestigious "Rocky Pomerance Award" in 2017. I am also proud to have personally awarded hundreds of dollars of my family's personal money in the form of scholarships to deserving high school graduates of Quincy. At least one of the scholarship recipients did graduate from Florida State University which gave me a great sense of pride. I believe that "to whom much is given, much is required". I have been blessed with much in my life and I therefore am obliged to reach back and help others.

Lastly, during my entire career I have always looked for the good in people (both employees and citizens) even when they had committed very bad acts. I believe in trying to live the example of the "Good Samaritan" and in the saying that "Every saint has a past, and every sinner has a future". For me community policing and police work are both a passion and a calling. I have been recognized many times by my peers and organizations like the NAACP, National Forum of Black Public Administrators, churches and civic organizations for the work that I have done to help disadvantaged youth and minority communities in Tallahassee, Quincy and the region live better lives.

I look forward to the opportunity to become Tallahassee's next Police Chief and once again serve the Great City of Tallahassee and its great citizens.

Sincerely,

Chief Glenn H. Sapp, Sr.

Re: Application for Police Chief Opening, Tallahassee Police Department (TPD)

Dear Hiring Director:

I am a servant leader who is ready to deliver outstanding results as Tallahassee's next Police Chief. With more than 15 years of law enforcement experience and a strong track record of achievement in community policing and violent crime reduction, I am confident of my ability to excel in this position. As such, I have enclosed my résumé for your review.

In my current role as Deputy Chief of Police for the city of Daytona Beach, I focus on creation and implementation of strategic programs that build positive, trustful relationships with community members and agency partners. One of the initiatives I've spearheaded includes the annual "Daytona 100," event in which approximately 100 children and officers ride together on bicycles through a popular community neighborhood followed by a community barbeque.

In addition, over the past 3 years I have worked with my fellow command officials to implement the Violent Crime Initiative (VCI) across Daytona Beach, which has resulted in a 23% reduction in violent crime over 2 years (including a 30% reduction in 2017). This was achieved by following up on the activities of local repeat offenders and reallocating resources to high risk areas. If given the opportunity, I would eagerly accept the challenge of eradicating violent crime throughout Tallahassee, while strengthening relationships with the communities most affected by crime.

Every day I hold myself and my team to the highest standards of ethical conduct. With this understanding I train my staff to **ask for help**, **work together**, and **show respect**, both to each other and the public. Furthermore, I subscribe to Sir Robert Peel's model of "policing by consent," which regards officers as simply citizens who exercise their power with the implicit consent of the community. Thus, I challenge my officers to treat every community member like their own family.

I recognize that my duty extends not only to protecting the public but also the health and well-being of "those that protect and serve." This is critical since the Chief's efficacy depends on the confidence of the officers who implement the agency's mission on the ground.

It would be an esteemed honor and privilege to lead the men and women charged with protecting our state's capitol. Please reach out to discuss in further detail how I can serve the people of Tallahassee.

Sincerely,

Jakari E. Young, Deputy Chief of Police
Daytona Beach Police Department

KEY INITIATIVES

- Collaborated with command team to establish **Violent Crime Initiative (VCI)** – a cross-functional initiative to reduce spike in violent crime. **Decreased violent crime 30% city wide in 2017.**
 - Increased probation checks, warrant service, and tracking of violent offenders which led to 500+ arrests.
 - Utilized CompStat model to identify high risk “micro zones” of criminal activity and optimized rapid response resources to target those areas (particularly during summer months).
- Founded the **“Daytona 100”** – an annual bike ride for ~100 children and police officers which promotes strong, positive relationships between children and law enforcement.
 - Held post-ride barbeque with music and games at popular neighborhood community center.
 - Promoted event via social media and school flyers. Attended local school with “McGruff the Crime Dog.”
- Planned and coordinated roll out of **DBPD Mobile App** to serve as “one stop shop” for police interaction with the public online, improving transparency and strengthening community ties.
 - Provided links to key police resources such as press releases, FAQs, contact info, and safety tips.
 - Integrated access to all department social media outlets into one user friendly location.

PROFESSIONAL EXPERIENCE

DAYTONA BEACH POLICE DEPARTMENT | 07/2000 – Present

Daytona Beach, FL

Deputy Chief of Police

01/2017 – Present

Supervise day to day operations for ~370 sworn and civilian employees, including 10 direct reports. Oversee police department budget of \$35M. Command all major department divisions, including special units. Serve as Chief of Police during absences. Interact with the press and make public statements. Train officers in policies and best practices.

Develop and implement community policing initiatives to improve policing quality/efficiency. Analyze crime stats to identify trends and brainstorm solutions. Prepare compliance records and reports. Collaborate with county officials to coordinate disaster preparations and response for high impact storms, including Hurricanes Irma, Michael, and Dorian.

- Lead implementation of officer wellness program (in progress) to address stigma related to mental health and PTSD amongst officers. Established wellness committee to develop training curriculum and promote awareness.
 - Offer free yoga classes to sworn officers; currently discussing meditation and mindfulness training.
- Oversaw development of PSA video “Road Range. Don’t Do It!” which aired on local television networks. Conceptualized project after police investigated 3 road rage incidents involving firearms.
- Conceptualized and launched Ministerial Liaison Group, enlisting local pastors to act as “olive branch” between law enforcement and potential witnesses in criminal investigations.
 - Conducted training for pastors on what to expect at crime scenes.

RE: Cover Letter Chief of Police Position Vacancy

To Whom It May Concern:

Thank you for providing me the opportunity to submit my cover letter and resume for the Police Chief position for the City of Tallahassee, Florida. I am an accomplished law enforcement executive with 35 years of policing experience. I began my career in Arlington, Texas, and I continue to serve the residents of Arlington where I am currently assigned as the Deputy Chief of the Central Investigation Division. I have a very strong ethos that is based on protecting and serving the members of our community. This is further exhibited by the fact that the Arlington Police Department was selected as one of 15 nationwide police agencies to be a model for President Obama's 21st Century in Policing task force. I believe my leadership has played an integral and a succinct part in this distinction as I promoted through the ranks. I have extensive experience in amending policies, writing new policies, and developing strategies to address a myriad of issues facing the department and community. For law enforcement to be successful they must have positive relationships with all members of the community. I have been able to foster, cultivate, and sustain such genuine relationships while addressing crime, quality of life issues, and police accountability.

The Arlington Police Department is a TRI-ARC accredited agency through the Commission on Accreditation for Law Enforcement Agencies (CALEA), that serves a community of approximately 390,000 residents and is home to the University of Texas at Arlington (UTA). It is a value driven, full service, community oriented organization. I have observed and experienced a remarkable amount of growth during my tenure with Arlington. I have had the privilege and honor of being part of a law enforcement team that has experienced many successes and some challenges that provided opportunities as we grew with the community. During my career with the Arlington Police Department, I have served in both Operational and Administrative roles with a continuous record of success. Throughout my career, I have developed excellent communication skills that have provided me the wherewithal to develop effective partnerships between citizen groups, elected officials, and labor (Meet and Confer and multiple Associations). In all of my positions, I have been able to mentor and motivate employees to allow them to visualize how their role fits into the department's mission. I have demonstrated my ability to work with diverse community and work groups that further build upon our mutually dependent relationships that have allowed us to work collaboratively addressing crime trends and quality of life issues. Furthermore, I am fully cognizant that the pillars of procedural justice: fairness, voice, transparency and impartiality, are the cornerstones of any law enforcement agency. These tenets build and establish trust with not only our external customers, but also our internal team members. Constitutional policing and Procedural Justice are doctrines that will generate an environment of legitimacy in all aspects of serving the community members of Tallahassee. I am a Servant Leader; this allows me to be a humble steward of the organization's human, financial, and physical resources.

I have worked with the Arlington & Mansfield Independent School Districts and developed safety protocols to enhance campus safety regarding natural and manmade critical incidents and I have been engaged in community events with these educational institutions that foster and promote positive relationships with our community members. Arlington is home of the Dallas Cowboys, the

Texas Rangers, Six Flags Over Texas and we have a substantial entertainment district. I have experience working a wide variety of events in an assortment of roles, and working collaboratively with local, state, and federal agencies, that include regular season games, World Series, and a Super Bowl with a strong demonstrated understanding of policing and tourism. My knowledge and experience will allow me to make significant contributions to the Police Department and the diverse community members, individually and organizationally, that the Police Department serves. I have experience and success in addressing a wide variety of social ills that affect a community that includes, but is not limited to, racism, homelessness, mental health issues, panhandling, and family disintegration.

I am fully engaged with the responsibilities of my job and would look forward to the opportunity to move to Tallahassee to enjoy many of the attractions and ambience of such a vibrant community. I have an eight year old daughter and my wife and I believe the City of Tallahassee is a safe community, has good schools, and affordable housing. My parents live just outside of Tallahassee and I have several relatives who have graduated from Florida State University. I have several family members who have retired or are still active in Florida law enforcement and Florida Benevolent Police Association that provides me further insight and understanding to issues facing law enforcement in Florida. In my youth I spent several years in the Tallahassee area and I continue to visit the area at least once a year. I consider this a great prospect in becoming an innovative leader for a professional law enforcement agency and community that will challenge my leadership skills by moving the Tallahassee Police Department forward, utilizing my educational background, professional work experience, forward-thinking ideas, value driven mindset, leading by example and incorporating my passion for success throughout the organization. I have learned through my experience that law enforcement is a service based profession and is relational. Relationships are perishable and must be genuine and nurtured with deliberate and sincere effort. Moreover, positive interaction with the youth of the community is paramount for law enforcement and that is why I stay active in a wide variety of programs invoking a guardian mindset of the community. My extensive law enforcement training through the Texas Commission on Law Enforcement provides me the ability to obtain a Law Enforcement Certificate from the Florida Department of Law Enforcement.

Without a doubt, the daily actions and words of all members of the Tallahassee Police Department are paramount to our ability to enforce the laws, prevent crimes and safeguard the constitutional rights of all people. I believe my demonstrated abilities will promote the department's mission to be the national leader in the delivery of public service. This goal can also be advanced by building upon and advancing the core values of the city. Although I feel that I am capable of exceeding all expectations for the new Chief of Police, I am also keenly aware that the Police Chief, working in conjunction with the mayor, City Commissioners, and City Manager, will make the decision that best serves the community and police department. Again, thank you for taking the time to review my documents regarding this position. I believe I am an excellent candidate and I look forward to hearing from you in the near future.

Sincerely,

Objective: Become an innovative leader for a professional law enforcement agency and community that will challenge my leadership skills by moving an organization forward utilizing my educational background, professional work experience, forward-thinking, value driven mindset, leading by example and incorporating my passion for success throughout the organization.

Overview of Capabilities: Offers a bachelor's and master's degree and more than 35 years of professional law enforcement experience with the following abilities: Time Management, Interpersonal Relationships, Financial Planning, Budget, Leadership, Community Development, Conflict Resolution, Marketing, Critical Incident Management, Experienced Policy and Procedure Assessor and Creator, and Inter and Intra Agency Coordination, and a proven record of developing and improving community relationships with a diverse community.

Achievements:

- **Successful:** A 35 year record of innovation in a nationally recognized and awarded law enforcement agency, mentoring and challenging employees to strive for continuous improvement in all facets of service delivery. In 2016, Arlington PD was selected as one of 15 communities as a model for Advancing 21st Century Policing Initiative. I clearly have played a role in implementing processes that concentrate on the six building blocks that strengthen trust and collaboration while ensuring public safety through meaningful dialogue and cooperation. The Arlington Police Department is a Nationally TRI-ARC Accredited law enforcement agency with CALEA (Commission on Accreditation for Law Enforcement Agencies, Inc.).
- **Leader:** Implemented proactive, measurable solutions to save lives, reduce crime, and address quality of life issues that make our community safe. Engaged personnel to work for a common goal and collaboratively while ensuring accountability is maintained. Successfully built lasting relationships with all members of our diverse community. Recently drafted policies for investigating officer involved shootings and hate crimes that are frequently requested as a model for agencies located within the metroplex.
- **Innovator:** Developed a peer support group working with officers, command staff, and families to provide counseling and guidance on all officer involved shootings and other critical incidents. This group aided in the retention of officers and improvement of processes related to these events. Proposed and implemented a jail work unit, utilizing commissioned and civilian investigators reducing the work load of detectives by 10,000 cases a year - allowing them to work cases with leads rather than deal with administrative paperwork on cases that already had an arrest.
- **Community Minded:** Created the Santa Cops program working with single parent families. Program was initiated in 1986 with two officers providing food and Christmas gifts to five families. It has evolved into a program encompassing over 300 volunteers serving over 1,200 children each year. Instituted Trunk or Treat police night and Back to School Fair in the South Patrol District over the past three years. Fostered and cultivated genuine

relationships with community members of diverse backgrounds to address crime, quality of life issues and police accountability.

- Tackles Complexity: Co-Chair of the SWAT/Tactical Operations Center for Super Bowl XLV. Worked with Federal, State, and local agencies to develop organizational operational plans to address critical incidents, including terrorism, hostage rescue, dignitary protection, and natural disasters. Effectively trained in all aspects of the National Incident Management System (NIMS).
- Communication/Problem Solver: Ability to communicate clearly, written and orally, with all levels of management and inclusive of our diverse community members with a demonstrated history of excellent analytical and problem-solving skills in developing policy and procedures improving business processes.
- Technology Driven: Leveraged technology and intelligence to formulate effective and efficient use of resources for multi-year planning, leading to sustainable long term solutions for addressing processes/protocols and crime trends. This includes the use of dashboards, cold/hot spot mapping, predictive modeling, and Data Driven Approaches to Crime and Traffic Safety to address crime trends, traffic safety and quality of life issues.

Experience: *Arlington, Texas Police Department*

Florida Police Chief's Association
2636 Mitcham Dr.
Tallahassee, FL 32308

Dear STARS Committee,

It is with great interest and enthusiasm that I submit my resume for the position of Police Chief for the City of Tallahassee. During my prior visits to your city, I have found it to be a diverse and vibrant community. As such, I am truly excited by the unique opportunity to serve your city and lead the men and women of the Tallahassee Police Department.

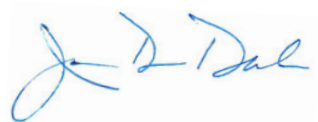

For almost thirty years, my law enforcement career has been dedicated to public service in a wide variety of leadership roles, both in a large municipal police department of 500 sworn officers and a major county sheriff's office of 2,800 sworn deputies. These positions have provided me with significant management, operational, investigative, and administrative experience to include the supervision of large-scale events, disaster operations, high profile investigations, critical incidents, technological improvements and community engagement programs.

Throughout my career I have sought to further prepare myself for the role of Chief through the completion of undergraduate and graduate degree programs, through active participation with the International Association of Chiefs of Police (IACP) and the Police Executive Research Forum (PERF). My prior agencies have also granted me the privilege to attend the FBI National Academy, the FBI National Executive Institute and PERF's Senior Management Institute for Police.

I believe my experience in policing diverse populations has provided me with the knowledge to proactively identify and address issues before they become larger problems. By improving community partnerships and working cooperatively with elected officials to support their strategic vision, the police department can play a vital role in the quality of life for its residents and further earn their trust. As your Chief of Police, it would be my goal to improve upon the agency's past successes and work with staff to reduce crime and better connect with the residents of Tallahassee.

I thank you for your consideration and look forward to speaking with you soon.

Sincerely,

A handwritten signature in blue ink, appearing to read "John D. Dale". The signature is fluid and cursive, with a large initial "J" and "D".

Ladies and Gentlemen:

I am extremely interested in exploring the career opportunity as the Chief of Police for the City of Tallahassee Police Department. Enclosed is my resume, for your review and consideration. I have also included a list of references whom you may contact.

To further my career, I wish to pursue a new opportunity that will fully utilize my decades of experience in law enforcement and community policing. You will note that I have advanced formal training, relevant certification, and over 33 years' experience fulfilling progressively responsible roles within the City of Norfolk Police Department leading to my current appointment as the Deputy Chief of Police. The Norfolk Police Department is a nationally accredited agency comprised of 775 sworn positions and 100 full-time civilian personnel.

In addition to this accomplishment, I am a graduate of the Federal Bureau of Investigation National Academy, have earned a bachelor's degree in Criminology, and completed a master's degree in Education with a concentration in counseling. This combination of experience and education provides a unique perspective on the relationship of law enforcement with our community. My agency serves a diverse community of over 240,000 residents and has fully embraced the tenets of 21st Century Policing. To this end, I am actively engaged in community outreach to build relationships with residents in all of the neighborhoods we serve.

The City of Norfolk is a vibrant community with a thriving downtown that plays host to a multitude of community events, festivals, and parades. Museums, cultural facilities, and entertainment venues draw many visitors to the City each day. Two state universities, a community college campus, and a medical school bring over 32,000 students. As a port city, Norfolk is home to a significant military presence and the third largest container port on the East Coast. The economic value of these amenities to the City is immeasurable. The need for public safety in the community is vital.

Throughout my career, I have worked in a variety of positions requiring collaboration with outside entities to ensure positive outcomes for the City and all of its stakeholders. I have a demonstrated ability to handle diverse and multiple levels of responsibility ranging from large event management to all levels of investigative and community policing efforts. As second in command, I oversee the daily operational and administrative activities of the department.

Based on these factors, and a review of my additional career highlights below, I would appreciate an opportunity to discuss with you how my qualifications would match your needs. I am certain I could pinpoint additional areas of expertise which would enhance my contributions as an integral member of the Tallahassee community.

Thank you for your time and consideration. I look forward to hearing from you soon.

Sincerely,

Joseph N. Clark, Jr

Joseph N. Clark, Jr.

The Florida Police Chiefs STARS Program

Greetings,

Thank you for your consideration of my application for the position of Chief of Police for the Tallahassee Police Department. I have had the privilege and honor of serving the City of Tallahassee and its citizens for more than twenty-seven years. I believe my experience, accomplishments, dedication and love for the Tallahassee Police Department make me uniquely qualified for this position.

As someone who was born and raised in Tallahassee, I have always loved this city. My roots include attending Sable Palm Elementary School, Nims Middle School, and Rickards High School before signing to play baseball and continue my education at The Florida A&M University. I earned my Bachelor's Degree from Florida State University and my Master's from New Orleans Baptist Theological Seminary. Kimberly and I raised our five children here and have always been heavily involved in this community. I have coached our local youth in baseball, basketball, and football for over 20 years and I am very involved with my local church; currently serving as the Vice-Chairman of the Deacons and a Sunday School teacher. I have always been raised to give back to the community and one of the ways I'm most proud of is Team TPD's partnership with the City and Habitat for Humanity. I have had the honor to serve as our point person, coordinator, and general laborer for three years helping build homes for these deserving families.

My family represents over five generations of law enforcement in North Florida with two direct generations here in Tallahassee. I have served under five different Chiefs and have gleaned the most positive leadership traits from each of them. All five placed a tremendous emphasis on Community Oriented Policing and I still believe it is the best way to serve our community today. Other traits include: the need to take care of our members, transparency, integrity, clear communication, and attention to detail. I have worked in nearly every bureau in the department, in some capacity, and have always strived to lead in each of those positions. As a commander, I have led Patrol (as the lone Captain at that time), Research and Development, High Risk Offenders, the Chaplain Program and Criminal Investigations (twice). I have also been the Captain/Major of the TAC and SRT teams. I have had the privilege to represent the department as a member of the Florida Police Chiefs Association Professional Standards Committee and have twice been elected as the Chair for the Special Response Team Focus Group for the Department of Homeland Security Domestic Security Coordinating Group. I have had extensive experience planning, organizing, and managing the day to day operations and budgets of my departments and bureaus and I believe these experiences will make me an even more valuable asset in leading the entire department.

Strong relationships are critical to success. I have had the ability over my twenty-seven and a half years to build very strong and lasting relationships. These relationships are built on trust and mutual respect and include our State Attorney, the Sheriff, FDLE Commissioner and SAC, the

Chiefs for FSU and FAMU, our own Police Union, ATF, and FBI. However, it takes more than Law Enforcement relationships. I have also had the privilege to build strong partnerships with leaders in our community to include several neighborhood association presidents, the Tallahassee Urban League, local pastors, and community leaders. These partnerships are already strongly established and will assist in moving the Tallahassee Police Department to even greater heights.

My love for, and dedication to this city and the Tallahassee Police Department, along with my strong moral, ethical, and proven leadership abilities will be a benefit to every member of our department and every citizen in our city. Thank you for taking the time to consider my application.

Sincerely,

Florida Police Chiefs STARS Program
RE: Tallahassee Police Department Chief of Police

To whom it may concern,

Please accept this letter and the enclosed resume as my application for your consideration for the position as Chief of Police for the City of Tallahassee, Florida.

I have worked in law enforcement for thirty-four years, all in the state of Florida. Initially serving the citizens of Gainesville, Florida for 29 years, rising through the ranks from Police Officer to Police Captain before accepting a position with the Tallahassee Police Department as a Police Major. I fully embrace this opportunity to utilize my life experiences, as well as the knowledge, skills, and abilities that I have acquired during my career in law enforcement to establish the Tallahassee Police Department as the vanguard of contemporary policing. I have a history of utilizing community and business partnerships to identify and address community issues. I believe given the current state of policing and violence in the United States, that we must endeavor to eliminate the walls that separate communities from law enforcement agencies. This can only be accomplished in concert with the community, to include schools, religious institutions, families, mental and medical health providers and legislative boards.

A review of my resume will reflect that I have all the requisite qualifications and experience for the position of Police Chief. The review will also reflect that I have worked extensively in a Community Policing environment that placed a high value on community partnerships. I have a passion and commitment for serving the community and am dedicated to protecting those that can't protect themselves. Because I excelled in the job duties at the beginning of my career, I quickly advanced through the ranks and achieved the rank of lieutenant in five years and one month. Consequently, I have supervised law enforcement personnel for over 30 years. I have a history of working with diverse populations and developing partnerships involving a multitude of citizen groups, organizations and businesses to provide high quality police services with professionalism and dependability.

I have also worked effectively with elected officials, city management and the public to identify and address community needs. I am familiar with the responsibilities of a police chief and look forward to the opportunity to display my leadership abilities. A police chief functions not only as a leader of the police department but also in the community. During my career, I have developed effective techniques to strengthen public participation and increase effective communications with various community groups and businesses to improve public safety.

I am confident my background and experience will be extremely beneficial to the Tallahassee Police Department and the citizens of Tallahassee, and I look forward to working with city management to leverage my experience and knowledge to improve police services and ensure public safety for the citizens of Tallahassee, Florida. I am prepared to put my background, talents, and service commitment to use as the next Police Chief for the City of Tallahassee.

Thank you in advance for your time and consideration. I look forward to speaking with you in the near future.

Sincerely,
Lonnie Scott Jr.

Enclosed: Resume

Lonnie Scott, Jr.

O B J E C T I V E

To become Chief of Police of the Tallahassee Police Department and fully utilize my life experiences, as well as the knowledge, skills, and abilities that I have accumulated during my 34 years of employment with the City of Gainesville and City of Tallahassee Police Departments.

S U M M A R Y O F Q U A L I F I C A T I O N S

I have been employed by the Tallahassee Police Department for over 5 years as a Police Major. I previously worked at Gainesville Police Department for 29 years rising to the rank of Captain. The majority of time in law enforcement has been in positions of command and/or supervisory responsibility, such as Interim Assistant Chief of Police for Operations, Bureau Commander for Patrol, Administrative Services and Support Services, Patrol District Commander, Police Personnel Unit Commander and Internal Affairs Commander. These assignments have allowed me to cultivate a wide variety of experience, and accomplish the following:

- Served as project manager for construction of new Gainesville Police Department Headquarters and Training facility.
 - Successfully developed and managed police department's annual budgets, resulting in surpluses for 4 years.
 - Evaluated and resolved complex (employment and operational) issues.
 - Worked effectively under stressful conditions.
 - Managed multiple high priority tasks in administration and operations.
 - Effectively communicated with superiors, peers, subordinates and the public.
 - Coordinated with other entities including the community to plan, organize, and implement various projects.
 - Worked with the community to effectively identify and analyze problems and developed viable alternatives for implementation.
 - Planned, developed, and implemented innovative programs and techniques using community policing philosophies and principles.
 - Prepared and presented electronic presentations to varied audiences.
 - Developed, composed and implemented policies and procedures.

To Whom It May Concern

I would like to be considered for the position of Chief of Police with the Tallahassee Police Department.

As indicated in my resume, I have over 25 years of experience as a police officer. The last 5 years of my career have been at the rank of Captain and Assistant Chief. The rank of Major was eliminated and replaced with the rank of Assistant Chief to better reflect the job responsibilities.

My resume highlights specific examples of my leadership and administrative duties and responsibilities. What you will notice in my resume is my work in the area of youth violence specifically among African-American males. In the City of Hampton, Virginia, African-American males in the age range of 15-24 are both the majority of the victims and suspects of violent crime; specifically, gun and gang violence. I led our City's efforts in forming a partnership with Hampton University to turn the focus to Black Male Achievement. Our focus has now shifted from programs that are successful with young black males. My work in that effort is the reason why I was the recipient of the Pat Minetti Leadership Award in 2015. It is the highest award received by a police officer in the area of leadership and the Chief of Police makes the decision based on input from the Executive Staff and Community Leaders. I am currently working with researchers from Johns Hopkins with a gun violence reduction program that I created called Community Empowerment Reduction Violence initiative (CERV).

I have proven that I can handle complex tasks and gain the support of not only my subordinates but that also of the Chief of Police, members of City Government and Community Leaders. Implementing change such as the 12-hour shift, the Community Problem-Oriented Policing Model and developing new and innovative crime reduction strategies with little disruption are only a few of my accomplishments. I was tasked with implementing our Real-Time Information Center. I believe change is necessary, but it is important to explain to everyone in the organization the benefits and importance of their input.

I promise if I am honored to be hired by City of Tallahassee, you will receive 100% of my effort and a police force that will be the envy of not only the State of Florida but also the country. Thank you for considering my resume.

Sincerely,

Assistant Chief Orrin Gallop

Re: Tallahassee Police Chief

Dear Hon. City Manager Goad:

This letter expresses my desire to become the Tallahassee Police Chief. I respectfully request your consideration of my more than three decades of law enforcement experience, formal academic achievements, professional credentials, and community partnerships committed to reform, accountability, and Constitutional policing. My initial Police Officer Certification was obtained in Arizona, and I currently hold an active Law Enforcement Certification in the State of Washington.

Since retiring from Seattle's Police Department, I have remained active in public safety by consulting in the areas of law enforcement technology, leadership, and collaborative police reform. I focus on organizational structure for effective policing and constituent relationships (internal and external). Additionally, I hold a Subject Matter Expert designation from the International Association of Chiefs of Police Collaborative Reform Initiative-Technical Assistance Center and am a Past President of the National Organization of Black Law Enforcement Executives (NOBLE). My résumé is replete with leadership experience, assignments, and accomplishments, but I will expand on areas not obvious in that document.

I excel at effective community engagement as exemplified by requests and accolades by the President Obama White House as well as from local communities. At the request of The White House, congressional leaders, local advocates, and law enforcement leaders, I have assisted communities in crisis following police shootings of people of color. For my continuous work in advancing 21st Century Policing through community trust building dialogue, I was the 2017 recipient of the Robert Lamb Jr. Humanitarian Award. My experience with community engagement and structuring community policing programs is the core of my personal philosophy and policing strategy. It is my belief that building trust through community policing will remain an integral part of my leadership style. I have had significant success in building and leveraging partnerships with multiple church denominations and religions. Churches have provided access to immigrant communities and cultures while also serving as neutral venues for dialogue. These relationships have added invaluable perspectives and have changed police practices, policies, and training.

A national law enforcement crisis has created an urgency for local change. I lead understanding the intersections of American policing history, civil rights, and 21st Century Policing. My penchant for constitutional policing and procedural justice were personal drivers for accepting a leadership role as Assistant Chief of Police with the Seattle Police Department, which was under a Department of Justice (DOJ) negotiated settlement agreement. Coming into the organization, I identified some underlying structural issues affecting culture and proposed solutions to effect change. Also, I have worked to develop technologies that support police response to homeless and mental health crisis calls for service. In addition to my experience in Seattle, my prior experience working with organizations under DOJ monitoring includes Oakland and Ferguson. I have experience with both documentation and reporting requirements having previously worked closely with external oversight for transparency and independent police auditors. I have also worked with police departments lending my skillsets for inspection management/organizational efficiency reviews similar to DOJ inquiries.

I capitalized on the invitation to provide testimony to President Obama's 21st Century Policing Taskforce to share my experience and academic research on the future of policing. Serving as one of twelve members on President Obama's Law Advisory Group chaired by Vice President Biden, our task was to provide recommendations for expanding 21st Century Policing in the context of Black Lives Matter and recent police ambush attacks. In addition to contributing to the Taskforce inquiry and President Obama's law enforcement advisory group, I continue to co-present with several task force members at leadership conferences. Likewise, the U.S. Senate and House of Representatives

invited me to relay my experiences and recommendations toward contemporary civil rights struggles and improving criminal justice.

Serving in the capacity as NOBLE's Vice President and then President, I have gained valuable experience responding to communities in crisis following officer-involved shootings. I assembled a response team and academic think tank to build capabilities and initially address challenges in Ferguson. While in Ferguson, we had the opportunity to engage active members of the community and advise the Interim Police Chief with high frequency. A "lesson learned" from community interaction was the need to construct transparent policing and city government processes. The think tank codified the 21st Century Policing tenets as we responded to other police shootings in several cities.

With respect to leadership, I have benefited from mentoring programs with opportunities to shadow effective chiefs of police. Professional development opportunities are necessary in a disciplined organization. I have identified critical leadership development skill sets and created a structured pathway for promotion and succession for subordinates. Professional training (local and national) aligned with the community and organizational needs was made available to subordinates seeking advancement.

Misconduct investigations and discipline were sometimes necessary during my 19 years in command ranks and 28 years' assigned subordinate personnel. I have worked with independent police auditor/accountability offices (in two jurisdictions) and citizen review committees. As an Internal Affairs sergeant and commander, I was the designated committee liaison. A board, committee, or commission may add a layer of review more palatable to constituencies.

I have engaged residents and community organizations to reduce violent and property crimes. Program success was based on analytics of crime and offenders but also included community mobilization. Technology was important, however, it was the analysis of variable factors that resulted in efficient deployment of resources. Teams had clear objectives supported by data and resources toward reducing victimization, and the impact on crime was significant. We were successful in reducing crime without over policing or disparate treatment of minority populations. The task forces were well-disciplined and produced measurable results.

Furthermore, I value the communities, businesses, congressional and professional relationships, which have broadened my networks. I have been described as a leader having a multi-dimensional perspective on public safety and an exponential approach toward problem resolution. My participation in professional and academic cohort organizations enables me to engage in problem examination and develop nonlinear resolution strategies. I have also utilized novel approaches to leverage partnerships with neighborhoods and communities to address systemic issues. While in Seattle, I formed an extensive public and private safety and security council which provided grants to local law enforcement and donations to the local police foundations in the interest of advancing public safety and community policing.

Last, I am active in several law enforcement professional affiliations and remain contemporary in the industry and maintain tactical, analytical, and leadership networks. I continue my leadership roles as a law enforcement trainer, mentor, and as a congressional resource. Most recently, I have been keynote speaking at law enforcement events and continuing community presentations on 21st Century Policing. However, I place greater value on personal contributions of time giving back to the community through community service on boards and local non-profit organizations, which helps build relationships and legitimacy. I am excited by the opportunity to role model for youth and engage them at every turn. I am currently involved with three programs that focus on youth second chances, mentoring, and building STEM enthusiasm through flight training for youth.

Thank you for this opportunity. I am available to clarify any of the items contained in my résumé or to discuss my experiences.

Best Regards,

Perry A. Tarrant

Florida Police Chiefs Association STARS Program

2636 Mitcham Drive
Tallahassee, FL 32308

Dear Florida Police Chiefs Association STARS Program:

Please accept this resume and cover letter in response to your advertisement for the Tallahassee Chief of Police position. After reviewing the posting, I feel confident I meet and/or exceed the qualities and expertise this community is looking for in their next Chief of Police. As a current Assistant Chief of Police for the Lakeland Police Department, I have worked in, supervised or been in a command role over every unit, division and bureau of the agency. This experience has provided me with the knowledge and insight necessary to lead an agency at the highest level.

You will find my commitment to the community and the men and women of my agency are my primary areas of focus as evidenced throughout my career. While policing has changed dramatically in the 21st century, you will find my leadership style and philosophies to be traditional as it relates to crime and quality-of-life issues, while also being very progressive as it pertains to community policing, outreach, social media, and fostering a positive agency culture from within.

Innovation has been the cornerstone of my career as demonstrated by my ability to create new programs, while inclusion, teamwork and outward thinking are my base values as shown through my ability to fully staff the Lakeland Police Department during today's hiring challenges.

Thank you for reviewing my resume and I welcome any questions you might have. I can be reached by phone at **863.333.8749** or by email at **Rtaylor3065@gmail.com**. I look forward to hearing from you.

Sincerely,

A handwritten signature in black ink, appearing to read 'Richard M. Taylor', with a long horizontal line extending to the right.

Florida Police Chiefs Association
STARS Program

Florida Police Chiefs Association,

Thank you for the opportunity to apply for the position of police chief for the City of Tallahassee. Enclosed is my resume, which indicates that my background, experience and education have prepared me for this position. I heard about the opening through the Georgia Association of Chiefs of Police.

I am currently employed as a Deputy Chief with the Atlanta Police Department, which is a full-service police agency of nearly 2,500 employees. I serve a diverse community of over 550,000 residents that allows me to have a cultural awareness and sensitivity unlike any other candidate for this job. I am also committed to improving our profession by making common-sense criminal justice reforms utilizing the 21st Century Policing and Procedural Justice models. These improvements cannot be achieved without working closely with all members of city government, business and community partners and Tallahassee's college campuses. My experience with these groups give me the tools necessary to build a solid foundation for public safety to succeed in Tallahassee. From running the largest police precinct in downtown Atlanta that include Georgia State University and Georgia Tech, planning and executing this year's Super Bowl LIII and working in the most challenging neighborhoods in Atlanta allows me to hit the ground running in Tallahassee.

My passion for public safety began after receiving an Honorable Discharge from the United States Navy in 1990 and I immediately launched my formal education at Georgia State University. While attending GSU, I was fortunate to participate in ride-along programs with APD and began my love-affair with law enforcement. I graduated with a Bachelor of Science degree in Criminal Justice and was hired by the Atlanta Police Department in January of 1993. As you review my resume, you will see I continue to seek advanced training and education to improve my profession and the ability to better serve my communities. I completed my Master of Science degree in Criminal Justice at the University of Cincinnati in 2007 and currently teach Criminal Justice courses at Georgia State University as a part-time instructor. As our profession continues to improve, I am always seeking ways to implement reforms that will allow our communities to be proud of their police department.

My vision for the Tallahassee Police Department is one that collaborates with all our stakeholders no matter the zip code or street name. I expect our department to be transparent and accountable from the top down. Inclusion of our citizens in our police department should not be looked upon as a burden, rather it should be welcomed and embraced. Providing every citizen, student and visitor of Tallahassee a safe city while protecting their constitutional rights is how I will lead the Tallahassee Police Department.

I look forward to the opportunity for a formal interview and a chance to lead the Tallahassee Police Department. I have enclosed a copy of references that you may contact immediately.

Sincerely,

M. Scott Kreher

MICHAEL SCOTT KREHER

A 26-year veteran of one the largest nationally accredited law enforcement agencies in the United States. A Deputy Chief familiar with all aspects of criminal investigations, patrol and administrative police functions. Advanced rapidly through positions of increasing responsibility in both the Field Operations and Criminal Investigations Divisions. A problem solver experienced in working high profile cases and meeting deadlines. Proven ability to delegate authority and deploy manpower to meet goals. An articulate and honest law enforcement supervisor that leads by example and earns respect from all ranks. Ready to lead a police agency as the Chief that will move the department in a positive direction utilizing the 21st Century Policing model, while partnering with the community and its leaders to provide police services the community can be proud to call their own.

EXPERIENCE

Deputy Chief, Atlanta Police Department, 1993 – Present

The City of Atlanta has over five hundred thousand full-time residents, with the population swelling to over one million during a work day and sometimes higher during weekends. Our police department is the largest, CALEA accredited agency in the southeast with over two thousand authorized sworn positions and over 400 non-sworn positions.

Support Services Division (SSD) Commander, 2019-Present

Citywide/Deputy Chief

- Responsible for the Atlanta Police Department's FY2019/20 annual operating budget of over 200 million dollars under the Corporate Services Section. The section also includes the Procurement and Grants Management units.
- Instrumental in advocating and implementing a historical pay raise for employees resulting in an average 25 percent pay raise.
- Responsible for the Atlanta Police Department's E911 Center that handles over 1 million calls for service annually and spearheading a new Computer Aided Dispatch (CAD) and Reports Management system project costing over 10 million dollars.
- Responsible for the Atlanta Police Department's Police Academy. The academy trains and prepares over 200 police officer candidates annually and is responsible for annual in-service training for all 2500 sworn and civilian employees.
- Increased hiring sworn officers 68 percent as of July 2019 from 2018.
- Responsible for the Atlanta Police Department's Personnel Section that includes recruiting and hiring new sworn and civilian employees. The Section is also responsible for the department's payroll, personnel files and all other personnel matters.
- Responsible for the Atlanta Police Department's Information Services Section that include the Property Control and Fleet units, Crime Scene Inspectors and the Crime Lab.

Contingency Operations Division (COD) Commander, 2017-2019

Citywide/Deputy Chief

- Created this division for researching, developing, budgeting, planning and implementing a strategic force for all major events in the City of Atlanta. This includes parades, protests, marches, rallies, large gathering permits, sporting and entertainment venues. The Division's responsibility is to ensure everyone involved in the event is safe and all constitutional guarantees are provided to those involved.
- Planned and implemented the overall Public Safety Plan for Super Bowl LIII; Partnering with Federal, State and Local law enforcement officials to ensure a safe and successful event for over one million visitors over a ten-day event. Supervised over three thousand Public Safety officers from over forty jurisdictions with an overall budget of twelve million dollars.
- Planned, budgeted and implemented over 25 major events in 2018/19 with successful conclusions utilizing all sworn staff within APD and partnering agencies.
- Responsible for the overall Public Safety Plan and budget for the 2020 NCAA Final Four Basketball Championship games; Partnering with Federal, State and Local law enforcement officials to ensure a safe and successful event for seven hundred thousand visitors over a six-day event.
- Responsible for the planning, budgeting and execution of the five-day College Football Championship game event in January 2018 without any significant incidents.
- Responsible for representing the police department during monthly Public Safety and Finance Committee meetings with council committee members to present on any police department legislation or concerns by council members and the administration.

Zone Commander / 5th Precinct, 2015-2017

Downtown Atlanta-6.7square miles/Major

- Commanded the largest precinct in the city, responsible for 1 Captain, 7 Lieutenant Commanders, 23 Sergeants, 12 Investigators, 180 officers and 3 civilian support staff while creating the annual budget and overseeing disciplinary hearings with the union.
- Winner of the Atlanta Police Department's Crime Reduction Award for 2016 with an 11 percent reduction in crime utilizing 21st Century policing strategies and Procedural Justice models.
- Coordinated the implementation of the newly created Atlanta/Fulton County Pre-Arrest Diversion Program downtown to keep our most vulnerable population out of jail for minor offenses while providing housing, job placement, substance abuse counselling and mental health services.
- Partnered with the Chief of Police at Georgia State University and Georgia Tech to reduce crime around their campuses with student populations over eighty thousand combined.
- Created a Midtown Powershift, Bike and Foot patrol for 2016 that resulted in a 35 percent reduction in crime in Midtown neighborhoods with diverse community partnerships.
- Created a Greyhound Bus Station detail that utilized a combination of Community Oriented, Problem Oriented and Hot Spot Policing models that reduced pedestrian robberies to its lowest levels in 8 years.
- Initiated Segway patrol areas in partnership with private donors to reduce crime throughout several business districts. This initiative allowed officers to get out of patrol cars and interact with the public face-to-face.

Assistant Zone Commander / 4th Precinct, 2013-2015

S.W. Atlanta-35.18 square miles/Captain

- Second in Command of the second largest precinct in the city, responsible for 5 Lieutenant Commanders, 15 Sergeants, 12 Investigators, 150 officers and 4 civilian support staff.
- Responsible for the daily activities of the precinct, to include operations, budget, personnel, discipline, fleet and maintenance.
- Managed all watches to ensure crime reduction plan is implemented as directed.
- Implemented crime fighting initiatives to reduce crime using resources available internally and externally.
- Responded to all community concerns and attends monthly Neighborhood Planning Unit and Community meetings.
- Attended weekly COMSTAT meeting to address crime trends citywide and within precinct boundaries.

I have worked alongside hundreds of great members of the Tallahassee Police Department (TPD) for thirty-two years, while building mutually respectful relationships throughout the various neighborhoods and the law enforcement community. I have held all ranks, from Officer Trainee to the current Interim Chief. I am excited for the opportunity lead the agency forward as the permanent Chief of Police.

TPD is a professional agency, already grounded in a community policing philosophy. My intent is to enhance the internal organizational design, recruiting efforts, member development, critical incident preparedness, empowering the community through engagement, empowering department members, continue implementing 21st Policing strategies. TPD should always be the lead agency, in the region, in all matters pertaining to policing and provide guidance and support to all other agencies.

Recent initiatives:

- Assisting the City of Tallahassee craft the City's first Strategic Plan.
- Changed our strategic plan concept to an annual process, with a 5-year projection, allowing for agility in technology and methodologies, while preserving the priorities and objectives.
- Initiated a Viable Candidate Program, providing the ability to hire a viable candidate without waiting on a training-based hiring cycle.
- Expanded the pool of applicants regarding who can apply, while maintaining screening standards.
- Improving internal communications via newsletters and other media.
- We initiated a relationship with the Tallahassee Community College's Workforce Development organization, regarding recruitment enhancements and occupational visibility.

Initiatives in planning:

- Development of a Public Relations Unit to maximize our information exchange with the public, marketing, and connecting with potential applicants.
- Design an internal Leadership Development Academy, to develop members at all ranks, both sworn and non-sworn.
- Development of holistic information integration center.
- Development of career and positional training tracks, for all members (sworn and non-sworn).
- Working with the school system to co-develop an elective course, as an introduction to 'public safety and service'.

Unique experience:

- Approximately 16 years of my career's formal assignments have been focused on organizational and personnel development, thus I commonly assess projects and initiatives based on their purpose and objectives, and the desired outcomes and behaviors.

- I am very comfortable engaging with any community member, within their own environment, regardless of socio-economic status or conditions, resulting in a new or renewed relationship.

Critical organizational beliefs:

- Leaders must have a vision and be able to articulate their vision and intent in all matters.
- We should focus on teaching people how to think, not merely what to think.
- No siloed operations at the management level. All managers should have some knowledge of the operations and projects of other bureaus.
- The most appropriate person for any leadership position, is the one who is the best fit, not based on a self-belief of being the 'most qualified'.
- Community-based crime is not primarily a City or Police problem; however, we have a very important partnership role to assist the community take the lead role.
- The Chief's primary identity as a sworn member should be as a police officer, with the title of Chief providing further definition of their sworn role.
- Humility is the foundation of genuine relationships and relationships (without exception) is the foundation of successful policing.
- Leaders' primary focus should be on developing and growing other leaders and organizational systems, while ensuring positive work cultures.

I look forward to further explaining my leadership philosophy, our current initiatives, and the future of the Tallahassee Police Department.

Respectfully,

Steven D. Outlaw

OBJECTIVE

Seeking a police executive position, to have a broader influence on ensuring a value-driven culture, an effective organizational design, functional integration of all missions, and the establishment of a talent management system, especially addressing leadership development at all levels.

STRENGTHS

- A multifaceted problem solver. Addresses issues requiring immediate correction and mitigation, with a parallel analysis of the system's contributing design for possible long-term modification.
- Program planning, with an emphasis on identifying the program purpose/goals, program costs, budget design, and sustainability.
- Value-based decisions, with the ability to reconcile any decisions with the mission of the Tallahassee Police Department and our core values.
- A rich balance of operational and administrative experience, with many relationships established within the Criminal Justice and local communities.
- An understanding of how the missions of our bureaus, sections, and units should complement each other, instilling the value of relationships, having a perspective for the overall mission of the department with an understanding of the role of police in our community.

PROFESSIONAL EXPERIENCE (Tallahassee Police Department)

Interim Chief; Jul 2019 – present (until permanent police chief is selected)

- All authority and responsibilities associated with department operations, policy, strategic planning, budget, organizational design, discipline, and employment decisions.
- Maintain close relationships within the community, at the individual, neighborhood, civic, and in faith-based organizations.

Patrol Bureau Commander (Major); Dec 2016 – Jun 2019

Patrol Division Commander (Captain); Mar 2016 – Dec 2016

- Both periods were essentially the same role, because of the organizational design being flattened.
- All authority and responsibilities associated with patrol operations, allocation of resources, creation of policies/procedures, complaint resolution, development of shift commanders and patrol leadership.
- Fulfilled the role as Acting Chief on several occasions.

Shift Commander (Lieutenant); May 2014 – Mar 2016

- Managed staffing and provided command and leadership for all on-duty patrol operations and critical incidents.
- Focused on developing the assigned supervisors to lead and make decisions at their level.
- Provided for a positive culture at the shift level.

Training & Development Manager (Lieutenant); Oct 2012 – May 2014

- Primary goal was to change the position's role to managing the overall department's organizational development, within a sense of talent management, from the traditional FTO Coordinator role.

- Identified and prioritized all department training needs. Allocated and managed all training monies and resources.
- Oversaw the selection, development, certification, and credentialing of training developers and instructors, and certification compliance for officers' recertification. Ensured members were developed in their core and specialized roles, and initiated leadership development for new officers.
- Established and coordinated hiring/training cycles for new officers and ensured they received all training leading to solo status.
- Led new officer hiring boards, ensuring the most viable applicants were considered for employment.
- Oversaw the research, evaluation, and adoption of new field equipment.
- Created/published the vision and mission of the Training & Development Section.
- Established the agency's development priorities and strategy after a high-profile arrest in 2013.
- Led the design of the Verbal Defense & Influence curriculum adopted by the agency.
- Designed the implementation strategy for 100% issuance of the TASER program.
- Designed the selection strategy for members desiring to attend advanced leadership development.
- Designed the concept and oversaw the development of a large-scale response active threat scenario in the community.

Shift Commander (Lieutenant); Oct 2011 – Oct 2012

- Managed staffing and provided command and leadership for all on-duty patrol operations and critical incidents.
- Focused on developing the assigned supervisors to lead and make decisions at their level.
- Provided for a positive culture at the shift level.

Gang Unit Supervisor (Sergeant); Jan 2009 – Oct 2011

- Responsibilities included the selection, development, and operation of assigned personnel in the detection, identification, and the development of gang-related intelligence products.
- Chairman; Florida Attorney General's Gang Reduction Strategy - Region II Criminal Justice Committee, (Sep 2010 – Oct 2011).

Training Coordinator (Sergeant); Nov 04 – Jan 09

- Developed fulltime high-liability coordinators and support staff members. Coordinated the department's training, ensuring all training requirements were integrated into the training courses. Established strategic direction of the department's training function.
- Established the TPD-Florida Public Safety Institute (FPSI) satellite office.
- Created the original Second Dollar allocation/tracking mechanism for training dollars.
- Managed the rollout of previously-selected department handguns.
- Managed the next subsequent department handgun rollout; including the establishment of selection criteria and testing protocols, research, testing, and final selection.
- Mentored high-liability coordinators and staff instructors in how to conduct equipment testing.

Patrol Supervisor (Sergeant); Jan 03 – Nov 04

- Responsible for direct supervision of officers in the application of laws and ordinances.
- Mentored officers in determining career development paths. Evaluated substandard performance, determining the need for discipline, training, or closer supervision.

Firearms Coordinator – Training Staff Member (Officer); Oct 94 – Jan 03

- Responsible for the development of the department's firearms training programs, coordinating/supervising all firearms adjunct instructors in multiple and simultaneously delivered training programs.

- Supervision and evaluation of all attending students, identification and documentation of substandard performance, and the development, coordination, and scheduling of any needed remediation. Designed the previous training wing at TPD (2nd floor) and coordinated the establishment of the Tallahassee Mall Training Annex (TMTA).

Patrol Officer; Jun 87 – Oct 94

- Basic Recruit academy and initial department and field training program.
- Initial patrol squad assignments.
- Begin adjunct instructorships in firearms and defensive tactics.

MILITARY HISTORY

U.S. Army; Florida National Guard (Special Forces) (Retired). 1989 – 2006

CLOSING

I attempt to integrate servant leadership in my daily relationships. My job satisfaction is primarily based on seeing our members prepared to fulfill their missions, and our programs are designed for functionality and sustainability. I believe experience and education are building blocks for promotion; however, the crucial attributes of a leader are integrity, humility, demonstrated respect, relationships (without exception), being genuine, having a vision for the assigned position, and being the best fit for the position.

STARS Executive Search Program

Dear Hiring Manager:

It is with enthusiasm and continued energy that I begin the next chapter of my progressive law enforcement career as there is so much yet to do. I am confident that my education, leadership experience and noteworthy accomplishments align with the qualifications you seek in a *Chief of Police* who excels in change leadership and serves with a focus on community-oriented policing.

In addition to my current role as *Chief of Police* for the town of Tewksbury, Massachusetts for the past 10 years, I also serve as the *Control Chief of the SWAT and Regional Response Team* for the North Eastern Massachusetts Law Enforcement Council (NEMLEC). Both of these roles require solid managerial skills, superior law enforcement knowledge and advanced communication, policing and tactical proficiency as well as the ability to be a decisive leader in crisis management.

The hallmark of my career is my capacity to identify the objectives of each of my assignments and to achieve those goals with excellence. I lead with both passion and logic, always creating a vision and a plan for the betterment of those I serve. As detailed in my resume, I have been recognized for my contributions in the areas of project management, community initiatives, process improvement, policy development and advocacy for the less fortunate. During my tenure as Deputy Chief, and now currently as Chief, I have worked tirelessly with our sworn officers and civilian employees, as well as the community and local government to build an effective and principled police department that enriches the lives of our citizens.

Highlighting an example of my success as a change leader, I am proud of Tewksbury Police Department's robust substance abuse/mental health outreach program, the Bridge Program, and our Regional Jail Diversion Program, which I developed during my tenure. Tewksbury is situated in Middlesex County between Lawrence, the largest drug source city in the state and Lowell, the most impacted city in the county that is suffering as a result of the opioid epidemic. To address this crisis, I chose to serve on substance abuse committees and work with various programs as listed on my resume. We have been recognized by the Department of Mental Health as a model Jail Diversion Program and we have been asked to present at the DMH Conference this year.

My primary focus as a Chief of Police is to reduce crime and the fear associated with it...engage the community to improve the quality of life of citizens and business owners, and to build on the trust and public confidence in the agency through the employment of best business practices for police agencies. – Chief Sheehan

My commitment as the Chief of Police has been focused on fostering a relationship with the community through the application of the Six Pillars of 21st Century Policy. The following lists just a few of our objectives and initiatives:

- *Building Trust and Legitimacy* / Identify needs from youth to seniors to include residents with diverse challenges. Build relationships between the police and citizens by creating solution-based community initiatives to include: *Citizen Police Academy, ALICE Program, Stop the Bleed, One Mind Campaign, Bridge Program, CRASE, PAL, Data Driven Justice and Jail Diversion Program.*
- *Policy and Oversight* / Review/revise department policies and procedures to achieve State Accreditation.
- *Technology and Social Media* / Develop a Social Media Team and Drone Unit.
- *Community Policing and Crime Reduction* / Integrate increased levels of crime prevention education and community programs into our crime reduction/safety strategy mission.
- *Training and Education* / Provide and engage community in quality training to include Crisis Intervention Training for all officers.
- *Officer Safety and Wellness* / Promote officer wellness and safety at every level by providing safer equipment and appropriate training and support for officers' mental health and wellness through the development of a Peer Support Unit and CISM Team.

I look forward to the opportunity to further discuss the highlights of my career and my vision to continue as a valuable asset in a law enforcement leadership role.

... and miles to go before I sleep — Robert Frost.

Respectfully,

Timothy B. Sheehan
